

KEY INVESTOR INFORMATION

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Harvest Equity Kernel Fund

A sub-fund of Sector Capital Funds plc (“the Company”)

Class P USD Shares
ISIN: IE00BGLCVC52

The Fund is managed by Harvest Funds AS (the “Investment Manager”)

Objective and Investment Policy

Investment Objective: The investment objective of Harvest Equity Kernel Fund (“the Fund”) is to maximise long-term total return relative to the MSCI ACWI Index (the “Index”).

The Fund is actively managed which means that the Investment Manager is actively making investment decisions for the Fund. The Fund is managed in reference to a benchmark.

The investment universe will generally consist of listed companies which may or may not be constituents of the Index.

Investment Strategy: The Investment Manager intends to pursue the Fund’s investment objective by implementing a long-only strategy and invest globally, both in developed and emerging markets, in a broad and diverse group of equities and equity related securities.

The Investment Manager intends to apply a fundamental investment strategy to capture returns from inefficiencies in the prevailing stock pricing through a systematic approach.

The Fund will not have a geographic or sectoral focus.

The Fund may use derivatives to gain exposure to certain equities/markets, to reduce risk, for more cost-efficient management and/or for hedging purposes.

Dividends: All dividends will be reinvested by the Fund.

ESG policy: The Fund will generally not invest in companies that violate fundamental humanitarian principles, that violate human rights in a serious or systematic way or other particularly serious violations of fundamental ethical norms. The Fund follows the Investment Manager’s principles for responsible investment available at www.harvestfond.no.

Base currency: USD

Buying and selling: Shares may be subscribed, redeemed and transferred in the Fund on a daily basis, except on weekends or bank holidays in Norway and/or Ireland.

Investment Horizon: Investments in the Fund may be suitable for investors with a long-term investment horizon.

The capital in the Fund is not protected, and future returns are not guaranteed. The Company’s Prospectus and the Fund’s Supplement provide full disclosure of the Fund’s investment objectives, policy details and terms.

Risk and Reward Profile

The Fund takes on different types of risk in order to obtain return on its investments. The Fund will hold a minimum of 50 investments, spread between several sectors and geographic areas in order to reduce the effect of losses on individual investments.

The risk level of the Fund is set at 5 which means that the Fund’s shares are exposed to a medium-to-high volatility in its share price. The above risk category is based on historic

data and is no guarantee of the future risk level. The risk and reward category is not guaranteed and is likely to shift over time.

Please note that the lowest category does not mean a risk-free investment.

The risk indicator does not take into consideration event risk such as extreme market conditions nor any unforeseen actions (i.e. sudden currency devaluation, suspension of trading, extreme interest rate hikes, war and other political events).

The Fund invests globally and will therefore be exposed to other currencies than the base currency.
